His eyes are looking very well, and if the sun gods don't get another of him we will have a good harvest.

The lecture given on Monday night at the Congregational church by Rev. Daniel Nettles was interesting and instructive throughout. The illustrations, of which there were a great many, were good, explained in detail, and could have lessoned more of ancient Egyptian history than can be done there could be in a month's study. We are very sorry the programme was so light, for the subject was a worthy one. The congregation was very low. Besides this lecture was worth double the price of admission.

George Board yesterday finished the drawing representing the life of the country by the artist, Mr. George Board. The picture represents the old Crystal mine, the central drawing represents the Hopkins mine and works, while the bottom drawing represents the Wasatch mine and works. The drawing is nicely composed and will show up to good advantage on the floor. Mr. Board is an artist to nature, and the drawing will be well suited to the country. The design was mailed to Park City yesterday where the work is being executed.

For some time past reports have been circulated to the effect that several parties in Coalville were using their services to have Miss Baker, the teacher of the New West school, dismissed.

Her name has been laid at various doors in town but has denied any such efforts have been made. Yesterday evening a letter from Charlotte H. Davis of Ogallala, who has charge of the work, said, "I am told that incorrect grades have been helped against Miss Baker, and that he had resolved to have her dismissed." According to the letter, the teacher, and that the change suggested by the letter of Miss Baker herself, Miss Baker has been laid aside by the school-board, and we are glad to note that no dissatisfaction has been expressed at headquarters.

Mr. Isaac Parker, proprietor of the Hotel House, Durbin, Wyo., and one of the most widely known men of the state was cited of circumlocution after three years of service. He says: "I have no sufficient command of language to express my idea of what I suffered; my physician told me that nothing could be done for me and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1885, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and hand were swollen to more than double the normal size, and seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and I consider that I am entirely cured. For sale by John Boyden & Son."

Death of Mrs. Chappell.

It becomes our sad duty to chronicle the death of Mrs. Katherine Anna Chappell, which occurred early Thursday morning at her home in Spring Hollow.

Decided was the young wife of Thomas Chappell, and the daughter of Mr. and Mrs. Henry Sammons of Rockport. Only four short months ago she was a bride to the altar, and he seemed full of sunshine and happiness for the young couple. But nine months ago she was taken ill, and despite every care and attention, death claimed her at the time above mentioned. She was 27 years of age last month.

She was a most lovable and affectionate wife and daughter, a model citizen, true friend, and the blosom in her young husband and aged parents' judgment. The sympathy of the entire community will go out to them in their sore distress.

The funeral will take place Sunday from the Stake House.

W. R. Johnson, Newark, N. J., says
